About Us

Diverse IT, LLC. Professional IT Consulting and Support delivers information technology services to the federal government, state, and local municipalities. We are an IT corporation that consults with you or your staff when problems arise with your software. This service can be either remote or on-site assistance. We will work with you to establish the appropriate cloud size and available resources for your business. We can set up and maintain your business's network, or help troubleshoot and maintain your existing network. We safeguard your information systems by identifying, resolving, and solving potential and actual security problems.
